

Renaissance Historical Dance Society

Renaissance is a historical dance society that specialises in bringing to life the dances and crafts of Medieval, Elizabethan, Stuart and Regency England.

Our authentic dances provide both spectacle and information, in addition we can offer performances of unique fairytales, static displays, such as medicine, needlecrafts and food. We can also talk to people about etiquette, makeup and period clothing.

Our dance workshops give your visitors the chance to join us in some of our easier dances.

Children can also take part in our craft workshops, making keepsakes such as fans and pomanders.

Whatever your event, Renaissance can offer your visitors the chance to enjoy our rich historical past through dance and crafts. We aim to make history fun, interactive, educational and visually stunning.

We can be found everywhere from National Trust and English Heritage properties to community and historical events, as well as weddings and private functions.
